DETAILED ACTION

Allowance

1. **Claim(s) 12, 13, 18 and 31** are allowed.

2. The following is an examiner's statement of reasons for allowance:

Regarding **claim(s) 12 and 31**, the prior art of record fails to suggest or disclose the selecting step comprising: searching a database having entries for associations between voice patterns of users identified by a voice recognition system and calling numbers according to ANI information to match for a calling number to find a match for the user's voice pattern associated with a matched calling number.

Regarding **claim(s) 18**, the prior art of record fails to suggest or disclose the user's competence is determined by a plurality of detection criteria monitored by the system and wherein a detection criterion is the frequency at which the user reaches a particular point in the system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
